

Jensen Sentao ZENG

MSc Environmental Data Analyst & Product Strategist | *he/him*

✉ jensen.earth@gmail.com | [🌐jensenxyz.github.io](https://jensenxyz.github.io)

PROFILE SUMMARY

- MSc in Environmental Change & Global Sustainability (UNIMI) with 8+ years of professional experience in data-driven product management for the FMCG and Supply Chain sectors.
 - Strong academic foundation in **Climate Econometrics**, backed by advanced data skills in **STATA**, Satellite Imagery, and C3S datasets. Previous experience at **Scantrust** working with major FMCG clients (e.g. DuPont, Unilever) to visualize supply chain transparency.
 - Seeking to apply design and analytical skills to drive global and/or regional sustainability projects and client success at an innovative startup or scale-up. Always actively learning and growing.
-

EDUCATION

MSc Environmental Change & Global Sustainability | University of Milan

Milan, Italy | 2026

Acquired a wide range of knowledge and analytical skills: biodiversity, geodiversity, agriculture and natural resources, statistical methods, environmental economics and policies, climate change and its impact and adaptation, sustainability accounting and management.

- Climate Change Economics, Circular Economy, Environmental Impact Assessment (EIA), Sustainability Reporting (CSRD/ESRS), GHG Protocol (Scope 1, 2, 3), Phytoremediation, Decarbonization Strategies, Global Food Security, and Clean Energy Transition Strategies.
 - Thesis: Quantitative impact of climate change on agricultural economics (wine quality/price) using econometric modeling.

EXPERIENCE

Product Lead | VibesApp | Shanghai • Milan | 2023 – 2024

Co-founded a real-time social discovery platform connecting consumers with local SMBs. Led the end-to-end product roadmap, design, and analytics for an AI-powered real-time venue vibe checker, filling the gap between live streaming and static reviews.

Digital Experience Consultant | Funka Group | Shanghai | 2022 – 2023

Led digital transformation for a premier Italian Food & Beverage group, overseeing product management for loyalty systems and e-commerce integration.

Head of Product Design | Scantrust SA | Amsterdam • Lausanne • Shanghai | 2015 – 2022

Founding team member of a B2B SaaS traceability platform. Led product design and strategy from seed stage to global scale, serving Fortune 500 clients. [More info on next page](#) ↓

- **Enterprise SaaS Strategy:** Directed the UX/UI design for Scantrust's enterprise portal and mobile apps, enabling multinational clients (Unilever, DuPont, Syngenta) to track millions of products and access real-time supply chain data.
- **Low-Code/No-Code Innovation:** Conceptualized and launched a "No-Code Landing Page Builder," allowing non-technical marketing teams at client companies to create rich-media campaigns for QR codes without engineering support—increasing platform adoption.
- **Blockchain Visualization:** Designed the frontend visualization for Scantrust's blockchain-enabled traceability solution, translating complex ledger data into verifiable, consumer-friendly provenance stories for brands like *Rémy Martin* and more.
- **Growth & Strategy:** Collaborated directly with Business Development to secure key accounts by creating bespoke prototypes and conducting user research to validate new features for the Industrial and Consumer Goods sectors.
- **Notable brands I've worked with:** Unilever, [Rémy Martin](#), Zippo, DuPont, Syngenta, DSM, BHS, NRG Systems, Clarios, Abbott, Decathlon, [Lifeforme](#), Zespri, ISDIN, Oxford University Press, WWF. Read more about my story → jensenstars.app/scantrust

Early Career:

- **Co-Founder: Product & Ops** | Olifun Ltd. | [Shanghai • Hong Kong](#) | 2014 – 2015
Built a location-based nightlife discovery app and chatbot from scratch, managing the full design lifecycle from storyboarding to user testing and iteration. Funded by Asia's first startup accelerator, Orbit Startups (SOSV).
- **Brand Account Manager** | Orange Advertising Shanghai | [China](#) | 2014-15
- **Marketing & Branding Manager** | COCO-MAT | [Greece • China](#) | 2013-14

SKILLS

Sustainability & Environmental Science:

Net Zero Scenarios / SSPs / ESG Research / Planetary Boundaries / Remote Sensing (Earth observation satellite) / Earth Explorer (ESA/USGS) / Climate Modeling (GCMs, downscaling) / LCA software

Data Analysis:

STATA / R Studio / Excel / QGIS / Amplitude / Google Analytics / Looker Studio

Product & Design:

Product Strategy / Self Starter / Quick Learner / B2B SaaS / Low-Code and No-Code Design / Remote Team Collaboration / UX Design (Figma, Sketch, Linear, Affinity) / Adobe CC (Illustrator, AE, Au, Pr, Ps) / Microsoft 365 / Google Cloud & Workspace / MacOS & iOS Ecosystem / Loom / Canva / Miro / LLM and Agentic AI tools *and more*.

Languages:

 **English:** C2 Proficient (EF SET / BEC Higher)

 **Italian:** A2 (Actively learning)

 **Chinese:** Native speaker

 **French:** A2 (Actively learning)
